FREE TRACKING

MTM500-MP

A SELF-POWERED GPS SOLUTION FOR LONG-TERM MOBILE ASSET TRACKING AND RECOVERY

The MTM500-MP is ideal for monitoring mobile assets such as containers, construction equipment, dumpsters, generators, and other non-powered assets. This device features weatherproof casing, twice daily GPS location check-in, and Smart Power battery technology that endures the elements.

KEY FEATURES/BENEFITS

1. Self-powered, no wired installation
2. Long term battery longevity
3. Enhanced LTE Cat M1 coverage
4. Waterproof, environmentally sealed against dust, water, and high-pressure spray water intrusion
5. Advanced battery power management with patent pending Smart PowerSM technology
6. Environmentally sealed against dust, Advances power management technology
7. Recovery mode (5 minute cycle), Pulse mode, Active mode
8. 2-year warranty*
9. Small, compact design

SPECIFICATIONS

Size: 90.0mm x 66.0mm x 20.0mm

Weight: 80 grams

Cellular: 4G LTE CAT M1 : Bands 2, 4, 12, Throughput Up to 1Mbps
Downlink / 1 Mbps Uplink, Protocol HTTP/TCP/UDP/SMS

GPS: Location Technology: 56 channel GPS (with SBAS), Tracking
sensitivity: -161dBm, Ultra Low Power GPS Technology: Could start
sensitivity -147dBm

Power Source: 2100mAh battery

Accelerometer 16g MEMS 3-Axis Accelerometer

Environment:

-Storage Temperature: -40°C to 85°C (-40°F to 185°F)

Operating Temperature: -35°C to 60°C (-31°F to 140°F)

Relative Humidity: Up to 95% non Condensing

International Protection (IP) Rating: IP66, IP67: Unit is protected
against powerful water jets, Water immersion up to 1 Meter and
Dust tight

Drop Test: 1 Meter, 6 Sides

THE 1ST 4G LTE ON THE MARKET
